

Statement of Work

Custom Website Development — Trips to Russia (Indosvetka)

Date: 19 June 2026

Prepared for: Sveta (Indosvetka)

Prepared by: Sanchit Rishi

Contact: sharmasanchitrishi@gmail.com

1. Project Overview

Development of a custom, multi-page tourism website targeting Indian travelers interested in guided tours to Russia. Built using a modern React-based architecture with a focus on maintainability, performance, and scalability.

The project follows a **Strategy + Execution** approach — every design and UX decision is made with the goal of converting visitors into booking enquiries.

Design References

The visual and structural direction is based on the four reference sites you provided:

- **discover.moscow** — Visual design language, card-based layouts, bold typography
 - **russia.tours** — Tour package structure, pricing display, testimonial patterns
 - **discoverrussia.travel** — "Plan your Trip" module structure (Visa, Safety, Transport)
 - **discoverrussia.ru/en** — Cultural storytelling and brand tone
-

2. Scope of Work

2.1 Pages & Routes

Route	Page	Description
/	Home	Brand introduction, featured trip preview, CTA
/trips/moscow-express	Trip Detail	Itinerary page for your first guided tour
/visa	Visa Information	E-visa process, requirements, add-on option
/about	About Me	Your background, photo, contact
/partner	Partner with Us	B2B enquiry form for Indian travel agents
/tips	Useful Tips	Travel tips (weather, packing, food, safety)

2.2 Features

Core Functionality:

- Custom "Trips to Russia" branding with "by Indosvetka" subtitle
- Typography inspired by the supplied references
- Sticky navigation bar with route links
- Fully responsive layout (desktop-first, mobile-optimized)
- Contact form — enquiries delivered to your inbox
- SSL/HTTPS included in production deployment

Conversion Features (Option B and C only):

- WhatsApp one-tap share buttons on trip pages
- Trust badges section (certifications, ratings)
- Subtle motion effects where appropriate

2.3 Post-Launch Support

- **Option A:** 14 days of bug-fix support
- **Option B:** 30 days of bug-fix support + basic training
- **Option C:** 60 days of bug-fix support + content update assistance

3. Pricing

Option	Investment	Timeline
Option A — Foundation	₹45,000	2–3 weeks
Option B — Recommended	₹65,000	3–4 weeks
Option C — Expansion Ready	₹85,000	4–5 weeks

What's Not Included

- Content writing (you provide or approve text)
- Photography (you provide images or license stock)
- Russian/English translation
- Paid stock photos or fonts requiring licenses
- Third-party CRM software (Zoho, HubSpot, etc.)
- Domain registration fees
- Ongoing maintenance beyond support period

4. Payment Schedule

Milestone	Amount	Trigger
Kickoff Deposit	30%	Upon signing the Agreement
Design Milestone	30%	Upon approval of completed page designs
Launch Payment	40%	Upon successful deployment to live domain

5. Ownership

Upon project completion and final settlement, you receive full ownership of all project assets:

- Source code (GitHub access)
- Domain (registered in your name)
- Hosting admin access
- Design assets (images, logos, brand files)

- No lock-in, no proprietary systems, no recurring license fees
-

6. Delivery Timeline

```
Week 1 – Foundation
├─ Multi-page routing
├─ Typography + branding
├─ Home page
└─ Feedback

Week 2 – Core Pages
├─ Trip detail page
├─ Visa + About pages
├─ Partner page
└─ Feedback

Week 3 – Polish
├─ Conversion features
├─ Useful Tips section
├─ Testing + deployment
└─ Launch
```

depending on content delivery and feedback turnaround.

7. Your Responsibilities

- Text content for pages (or approve placeholder copy)
 - High-resolution images
 - Feedback within 48 hours during development
 - Domain name (if you have one)
-

8. Acceptance

To proceed:

1. Choose your Option (A / B / C)
2. Reply to this email
3. I'll send the invoice for the kickoff deposit

Work begins upon receipt of deposit.
